

Roberto Zepeda Hipolito

COMPUTER SYSTEMS ENGINEER

Guadalajara, Jal, México | robertozh29@hotmail.com | in/roberto-zepeda-hipolito

Computer systems engineer with a strong passion for continuous learning and self-improvement, constantly seeking opportunities that allow me to improve my professional performance. My goal is to continue growing as a developer and add value to the projects I get involved in, as well as to the company and team I work with.

APRIL 2022 – DECEMBER 2023

PYTHON DEVELOPER INTERN – INTEL

- Developing and designing a new architecture for the internal test validation framework creating a new paradigm in the validation and test automation of NAND technologies.
- Debugging and solving bugs/fails reports from QA regression.
- Developing manual and model-based code according to NVME and PCIe specifications.

JANUARY 2021 – MARCH 2022

WEB DEVELOPER - 3KAIDAS MARKETING

- Developing web applications from scratch being the first point of contact with the client, leading comprehensive requirement gathering sessions.
